Dean Fernow,

Faculty of Forestry.

Dear Dean Fernow:

I am glad to know that there is a chance of Sir Rabindranath Tagore coming to Toronto. I should like to invite him here to lecture, and if you can secure from your friend, Mr. Tagore's address I shall enter into correspondence with him.

With kind regards, I am,

Yours sincerely,

President.

President R. A. Falconer,
University of Toronto.

Mr. President:

In making up the budget of this Faculty for the present year, the customary salary advances were made with the exception of Mr. J. H. White. This omission was probably due to the fact that Mr. White had reached the salary limit set for lecturers.

If I had realized this fact, I would have recommended, and I recommend now, the promotion of Mr. White to an Assistant Professorship. Mr. White has built up his particular department (Dendrology and Timber Physics) most satisfactorily, and his ability as an instructor deserves this recognition.

Considering that the omission of advancement was due to an unintentional oversight, may I suggest that the appointment be made out of season and take effect as soon as possible, without, necessarily, involving increase in salary.

I may add that there is a movement on foot to induce Mr. White to accept a position with the Provincial Government. We could ill afford to lose, and would find it difficult to replace, such valuable services as Mr. White is giving.

Respectfully,

B. E. Fernow

Dean
